## **March 15, 2021 - Principal's Message, Mrs. Kathy McTaggart**

Hello everyone,

I wanted to follow up from the letter you received at 3:30pm today, Monday, March 15, 2021

As communicated in the letter from our Superintendent, our school currently has 9 active cases of COVID-19. The cases from this past Friday and today have had a significant impact on the number of students and staff that have had to isolate. These big numbers have created a situation in which our school is unable to maintain quality learning environments, maintain cohorts or ensure teacher availability for our students.

**Therefore, our school will be shifting to online learning effective immediately. All PSC students and staff will be in an online environment effective tomorrow, Tuesday, March 16, 2021 until spring break Thursday, March 25, 2021.** Students will be on spring break from Friday, March 26 - Monday, April 5. In person learning will plan to resume on Tuesday, April 6, 2021.

The letter today let parents know that families will receive an email this evening with further details. This is your letter. Staff will be moving to online learning tomorrow. Please have your child awake and ready to engage in their learning for 8:40am tomorrow morning. All of my staff will be online with students tomorrow morning and give your child a schedule for their online learning for the next two weeks. As I am sure you can appreciate, online learning will look different for different classes. Your child's teacher will set their students up for their best at home learning starting tomorrow.

Should you or your child require resources from the school in the coming days please call the school at 403-783-4411 to set up a pick up time.
