Cell Phone Policy: [Link to Parent suggestions at home](#)

In response to the new ministerial order surrounding personal devices, PSC will ask that all student cell phones remain in their individual locker. School administration suggests that students keep devices in their locker to ensure that their devices remain safe and not a distraction.

Students may not use personal devices during instructional time (any class time). If students have personal mobile devices with them during instructional time they are required to keep these devices on silent or powered off, and stored out of view. In addition, students may not access social media on school networks or school devices as these will be blocked.
